📍 Dahanahata , Mangalapur , Jajpur , Odisha

SUMMARY

Aspiring Software Engineer with strong programming skills in Python, Java, and frontend development. Passionate about building innovative, responsive applications and continuously learning through hands-on experience and collaboration.

EXPERIENCE

Cyber Security
Yhills   12/2024 - 05/2024
                                              Online

Strong foundational knowledge in cybersecurity principles
- Implemented input validation and authentication protocols to prevent common web vulnerabilities like SQL injection and XSS.
- Worked with secure coding practices and basic encryption techniques to ensure safe data handling in software projects.

Software Development
Academor   02/2025 - 04/2025
                                              Online

Software Engineering Intern focused on software development
- Assisted in developing and maintaining web applications
- Contributed to various software development projects, enhancing technical skills and teamwork

EDUCATION

Bachelor's Degree in Engineering & Technology
Gandhi Engineering College   08/2023 - 05/2027
                                              GIET University

+2 Science
B.H.K. Das Higher Secondary School   07/2021 - 04/2023
                                              CHSE

10th
Dahanahata High School   07/2020 - 05/2021
                                              BSE

INTERESTS

Watching Movies
Enjoy watching a wide range of movies, with a keen interest in storytelling, cinematography, and visual effects.

Gaming
Enjoy playing and developing video games, exploring game design and programming principles.

PERSONAL QUALITIES

Your Strength
Quick Learner
Analytical Thinking
Patience and Resilience
Adaptability to New Technologies
Proficient in OOPs concepts and DSA .

Teamwork
Strong commitment to collaboration and teamwork with other developers and stakeholders

KEY ACHIEVEMENTS

Real Time Language Translator
Successfully developed a Real Time Language Translator app featuring a clean UI and multi-language support, demonstrating strong programming and problem-solving skills.

Password Manager
Created a secure Password Manager utilizing encryption, showcasing my abilities in security and application design.

LANGUAGES

Language	Level	
English	Advanced	●●●●○
Hindi	Proficient	●●●●○
Odia	Native	●●●●●
